

A Day of Service | April 24, 2010

Project: Red Cross Blood Drive

10:00 am – 3:00 pm at 3902 Berini Road, Durham Ward building

Why give?

Every two seconds, someone in the United States needs blood. That's a lot of blood. But only 5% of the eligible US population donates blood in a given year. Healthy donors are the only source for blood.

Blood is needed for emergencies and for people who have cancer, blood disorders, sickle cell, anemia and other illnesses. Some people need regular blood transfusions to live.

Imagine if giving blood was part of everyone's life. Something you did on a regular basis, like eating at your favorite restaurant. What kind of difference would that make? For nearly 5 million people who receive blood transfusions every year, your donation can make the difference between life and death.

April 24th is your chance to donate. Your chance to make a difference. Your chance to save a life.
